

13-oct-2005

PHYS116 mid-semester exam

We are going to have a mid-semester exam on

thursday 27-oct, 1215 - 1400 in room 292 in the Physics building (Allégt. 55)

The textbook chapters that will be covered are:

2, 3, 4 and 5

I mentioned in a lecture that part of chapter 6 (up to 6.6) should also be included, but I think it is enough with the chapters listed above.
